Bible reference: 2 Kings 4

Please answer in your own words...

Do you usually pray before eating?

Do you thank God after eating?

What is the meaning of the word "Famine"?

Elisha the prophet had some guests...Who were they and around how many?

What did Elisha order Ghazi his servant to do in order to entertain his guests?

Why Ghazi did not do a very good job?

What was the result of Ghazi's laziness?

After the prophets (guests) got sick...What did Elisha do?

In your opinion how did Elisha manage to perform the miracle...please explain?

+Miracles should always glorify God not human beings. Any miracle that does not glorify the name of God and benefit people is not a true miracle+
