6th Grade - Week 2 - October

KING JOSIAH AND THE REPAIR OF THE TEMPLE

What is the name of the young king in this story? How old was he?

What did king Josiah do when he saw the wrecked temple? Why do you think he did that?

Do you think king Josiah broke the walls of the temple himself or through the stones himself?

Although he did not do it himself and did not cause the damage...that did not stop him from repairing all the damages and cleaning up everything...True or False?

Learning from the young king...in case any of us came across a piece of paper on the ground at our church or a crumbled pieces of foam cup...Don't you think we should stop saying "I didn't do it" "Why should I pick it up?" and we start cleaning and caring for our beloved church...Do you agree?

Although King Josiah had power and influence, he still respected the priest and he made sure he consult with him first before deciding or starting any job...What do we learn from this in our day to day life?
